NBA Initiates "Trust" Campaign

**"Where do I go to find news
I can trust?"**

That question is increasingly asked by people every day across Nebraska.

To support our valued NBA members in your ongoing mission of producing trusted local news, we recently unveiled the [NBA Trust Campaign](#).

The campaign assets are customizable for each member station, and we are requesting that participating members support the campaign as they see fit through May, 2026.

A heartfelt thank-you to our member partners at **KETV, KOLN/KGIN TV, KRNU, KVNO, NRG Media – Omaha** and **Walnut Media** for their invaluable contributions in developing the Trust Campaign message and assets. Their generous support has been instrumental in bringing this campaign to life.

Sales & Leadership Growth in 2026: Join us for "Rising Above"

NBA training partner **Ten Minute Trainer Network** will present “Rising Above” on January 28th & 29th. This virtual event will focus on leadership, sales, marketing, culture and motivation, presented by some of the brightest minds in the business. Participation is FREE for NBA members. Watch your inbox for registration details coming soon!

NBA Hall of Fame Nominations due by January 12

Nominations for the NBA Hall of Fame Class of 2026 will be accepted through **Monday, January 12, 2026**. Details are available [here](#). If you wish to advocate for the induction of someone already in nomination, contact jim@ne-ba.org.

Legislative & Regulatory Update

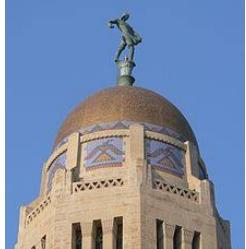

Federal Legislative Update

With Congress in recess through the holidays, activity on the “AM For Every Vehicle Act” will resume next month with the goal of securing a House floor vote that should send it back to the Senate. The bill has 313 supporters in the House and 61 in the Senate. The Local Radio Freedom Act continues to gain support, now one away from the magic number of 218 House members and 26 Senate members. The NBA thanks **Congressmen Don Bacon, Mike Flood, & Adrian Smith** and **Senators Deb Fischer & Pete Ricketts** for their continued support of both initiatives.

State Legislative Update

In Lincoln, next year’s “short session” will open January 7th with a significant budget shortfall as the elephant in the room. The return of an ad tax proposal seems likely and we also expect another “Winner Take All” push. We will continue monitoring for bills that might address the use of AI in Political ads and regulations on the advertising of prescription

medications and related treatments. The NBA thanks our lobbying team of **Korby Gilbertson** and **Justin Brady** for their continued guidance and work on our behalf.

SBE Training Program: FREE for NBA Members

The NBA can assist our members in advancing their technical & engineering skills through the Society of Broadcast Engineers (SBE) [Technical Professional Training program](#) (TPT). You’ll follow a course of monthly activities to raise your skill level and earn SBE certification. Upon successful completion, the NBA will reimburse your station for the \$545.00 program cost. Contact Jim@ne-ba.org to apply.

Mike Fass of Gray Digital Media in Lincoln recently completed the program and said: *“I joined the SBE Technical Professional Training Program this year with the goal of continuous learning. I enjoyed connecting with an engineer in another location with different and similar challenges. We met remotely once a month. It was great to be able to share experiences, and I came away from the program with new ideas and a new way of looking at certain*

areas. Overall, I thought it was a great experience."

As the need for engineering & technical support grows, the SBE TPT can be a helpful resource.
